“My career advisor explored options with me and helped me to realize what I wanted to do in my future.”

“She gave me the confidence that I needed for my essay. Going into this appointment, I was really unsure of my essay, but after meeting, she made me feel great about it. She is an extremely warm person.”

“The advisor was able to drastically improve my resume to help me get employed this semester.”

“She provided suggestions for me to strengthen my resume, personal statement, and my interview skills. I really enjoyed meeting with her as she helped me immensely!”
In Pharmacy Career Services, our goal is to assist students with all phases of career development:

- **Self-Awareness**
- **Exploration**
- **Preparation & Experience**
- **Reflection & Action**

**RESOURCES**

- **Buckeye Careers Network**: A campus-wide career posting system. The College of Pharmacy Career Services staff works with employers and offices across campus to provide this service.
- **Job & Event Blasts**: A weekly email service that is targeted to specific student groups. Emails are filled with relevant job, internship & volunteer opportunities as well as upcoming career events.
- **Career Guides**: Paper and digital handouts that cover professional development topics (e.g. Resumes, Cover Letters, and Interviewing) and areas of specialization for career exploration.
- **Interview Stream**: An online interviewing tool that allows students to record and review their interviews. These practice interviews can also be sent to Pharmacy Career Services for review.
- **Portfolium**: A digital portfolio network that serves as a portal for collaboration, allowing students and alumni to showcase their work, projects and experiences.
- **Individual Career Development Plan**: An activity packet that brings students through the career development process. Used in the classroom and in exploration appointments.
- **Student Milestone Guidelines**: A checklist of items and an accompanying worksheet that serve as a guideline for success in each year (1: Participate, 2: Prepare, 3: Promote, 4: Pursue).
- **Classes**: We offer coursework for BSPS and PharmD students (e.g. PHR 2100, Transition Courses).
- **Presentations**: Student organizations and classes may request presentations on a variety of career-related topics. We will work with you to meet your specific group’s needs.
