About the Program
The Kroger Co. and The Ohio State University College of Pharmacy are innovative leaders in community pharmacy practice and residency training. This program builds upon the strengths of the accredited Kroger/OSU PGY1 Residency with an emphasis in community care to also provide an advanced specialty PGY2 experience with combined master’s degree.

Program Features
- 24 month program
- Combined PGY1/PGY2 residency with Master of Science
- Emphasis in Community Practice

Curriculum
- Strategic Management & Program Development
- Economic Evaluation of Programs and Services
- Health Services Finance
- Medication Use System Management
- Organization and Operations Management
- Leadership
- Information Systems

For a complete list of courses and descriptions, visit go.osu.edu/msresidency.

Residency Site
- APhA/ASHP accredited residency site
- Kroger Pharmacy – Columbus Division
- Established patient care including medication therapy management, immunizations, wellness screenings, health/disease management, and other patient education programs
- Business/practice management
- Professional development
- Teaching certificate program
- Practice-based research

For additional residency information, visit go.osu.edu/msresidency.

Highlights
The focus of this program is to create leaders in community pharmacy practice. In addition to patient care, teaching, and research, residents will develop advanced skills in leadership, management, administration, and pharmacy advocacy.

Financial Aid
Financial support consists of the following:
- 24-month appointment
- Residency stipend
