

Summer Undergraduate Research Fellowships

Interested in Research?

This fellowship is for those students who would like to know more about the discovery, use, or mechanisms of drugs, who like working in a lab, or who would just like to find out if they like working in the lab.

Fellowship Eligibility

Fellowships are available for undergraduate sophomore and junior students who would like to do research work in any of the pharmaceutical sciences for the summer of 2016.

Fellowship Duration

The fellowship provides \$4,000 for a ten-week full-time experience from May 16-July 22, 2016.

Research Activities

Research activities can be directed by any faculty member in the College of Pharmacy who is willing to mentor a student for the summer. Students conduct research in the areas of Pharmacology, Pharmaceutics, Pharmacy Practice, or Medicinal Chemistry and Pharmacognosy. Additional information about research in these areas can be found under the About/Academic Divisions section of the College of Pharmacy website.

How To Apply

Please complete the application on the reverse side of this page. You will also need to submit:

- Up to date curriculum vitae
- A one page statement detailing your interest in research and pursuit of a graduate program.
- Official transcript
- One letter of reference from a faculty member
