College 125th Anniversary Celebration and Reunion Weekend for the Marshall University Game

* Designates Alumni Governing Board Meetings.
The Summer 2009 edition of the Script highlights the many accomplishments and continued excellence of our alumni, faculty, and students during the 2008 year. The Script also reflects the overall mission of the College of Pharmacy to advance pharmaceutical care for the people of Ohio and the global community through our teaching, through our research, and through our service. In particular, this year’s publication highlights the exceptional achievements of our alumni and the breadth and depth of alumni engagement in a wide variety of areas in pharmacy.

In the 2008-2009 academic year, our academic programs remain very strong and robust. A total of 490 students were enrolled in our entry-level Doctor of Pharmacy (PharmD) program, and the Nontraditional PharmD (NTPD) program had 60 students enrolled. The fourth-year class (P-4) of 117 students engaged in clerkship rotations locally, nationally, and internationally during the past year. At the undergraduate level, the BS in Pharmaceutical Sciences program enrolled approximately 475 students as majors in Autumn 2008. Many of our top students in this program enter our PharmD program, while others have gone on to graduate school, medical school, or one of many career options. Our graduate programs in the College of Pharmacy continue the tradition of excellence, with approximately 90 students enrolled this fall in the areas of medicinal chemistry and pharmacognosy, pharmaceutics, pharmacology, and pharmaceutical administration. In 2007-08, 14 PhD degrees and 19 MS degrees were awarded.

The high quality and the maturity of our students extend well beyond their academic accomplishments in the classrooms. Involvement in student professional organizations, engagement in research experiences, and participation in national meetings are excellent opportunities for students to develop “outside” the classroom and to network with other students, faculty, and pharmacy colleagues from around the nation. Our students and the student professional organizations such as the APhA Academy of Students of Pharmacy (ASP), Student Society of Health-System Pharmacists (SSHP), student affiliate of the Academy of Managed Care Pharmacy (AMCP), and the Student National Pharmaceutical Association (SNPhA) continue to receive recognitions both locally and nationally. PharmD students engaged in senior outreach activities at various Life-Care Alliance and Catholic Social Services senior retirement communities. Service-learning activities included students serving at health related events (i.e. health fairs, diabetes screenings, flu clinics, etc.), community-based programs for underserved people, brown-bag medicine reviews, tutoring, and assisting senior citizens in examining Medicare Part D plans. Faculty, students, and alumni are actively involved in our new Generation Rx Initiative and learning community, encompassing K-12 educational programming, prescription drug abuse workshops, and partnerships with Columbus organizations.

The strong academic programs in professional, graduate, and undergraduate education and the excellent research and scholarship are a reflection of the high quality faculty, students, researchers, and staff of the College. Faculty in the pharmaceutical sciences are discovering mechanisms regulating cell growth, identifying novel molecules for potential therapies for cancer or infectious diseases, and investigating underlying causes for cardiovascular diseases and neurodegeneration. Our faculty in pharmacy practice are engaged in innovative practice models of pharmaceutical care and medication therapy management. In October 2008, Dr. Milap Nahata was elected to the Institute of Medicine, National Academies of Sciences. This is a tremendous honor and recognition of the outstanding teaching and research career of Dr. Nahata, and he is the first person with a pharmacy background to be appointed to the IOM from the State of Ohio.

We celebrate many “Points of Buckeye Pride.” These include our PharmD program obtaining a ranking of 5th in the 2008 US News & World Report, our PhD program obtaining the “high quality” rating in the OSU Graduate School review in 2008, and a faculty productivity ranking of 2nd in Pharmacy in 2007 by an independent organization that examines academic rankings. And of course, greater than 6,300 alumni of the College of Pharmacy support the College’s students and faculty in many important ways. Many of us have the unique opportunity to visit with our outstanding alumni at the Alumni Governing Board meetings, at various professional pharmacy or pharmaceutical sciences meetings, and individual visits in the pharmacy or pharmaceutical industry. Furthermore, our alumni preceptors mentor our pharmacy students through clerkship rotations, internships, and participation in professional organizations.

I again wish to extend my deepest appreciation and thanks for your involvement and support for our students and the commitment of our alumni to The Ohio State University. Thank you for all you do for the profession, for the University, and for the College.
Your Ohio State University College of Pharmacy Alumni Society Governing Board has been committed. The Board has continued to focus on our recently developed Strategic Plan with a special emphasis on membership and communication. The Board has created a new dues-based LIFE membership category (not to be confused with our Honorary Life Membership Award). Over 2500 of the College of Pharmacy graduates are life members of The Ohio State University Alumni Association. Offering this same option for our Ohio State University College of Pharmacy Alumni Society makes sense. The Charter Life Membership category has been set at $700. Some financial mechanics still need to be determined, so watch for specific details later in the year.

One of the key components to enhancing communications is our website: www.pharmacy.ohio-state.edu. Be sure to visit the website and update your biographical information. While you are there, check out the 26th Annual Alumni Awards section.

Congratulations to all of our award recipients.

My last official act at the Awards Banquet as your Alumni Society President was to “pass the gavel” to Larry Schieber as our incoming President. Larry has been a very effective Board member, and he will provide great leadership to the Society. I want to thank all of the Board members, Lou Marcy, Dean Bob Brugegmeier, Shannon Wefer, and Tanya McDay for all of their support. But most of all, I want to thank all of The Ohio State University College of Pharmacy Alumni Society members for giving me the honor of serving as your 2007-2009 President.

Students First, Students Now to Support Pharmacy Need-Based Scholarships

As we reflect on the academic year and send off the 2009 class of graduates, as a college we are also looking at the next several years for our future pharmacists, teachers, researchers and leaders who are working so hard to obtain their degree. These students face a unique economic environment as they piece together the family finances, loans and part-time jobs to cover tuition, room and board. We hope you will consider joining the faculty and staff of Ohio State and the College of Pharmacy in support of the Students First, Students Now scholarship fund raising initiative.

Introduced by President E. Gordon Gee in December 2008, Students First, Students Now is a university-wide goal designed to ensure continued access to education for Ohio State students. Since many families will meet financial hardships due to the current recession economy, the university and the College of Pharmacy are committed to helping students enter Ohio State and stay enrolled once they arrive.

The College of Pharmacy has a $1 million goal over the next two years to support our students. The major focus is scholarship dollars for BSPS students, the pipeline to our PharmD and graduate programs. These young people across the nation are at risk of not returning to college due to parental job loss, fewer bank loans, and disappearing part time jobs that help to make up the gap between affording Ohio State and not returning to school.

The College continues to shine as a result of the hard work of everyone involved in the pharmacy profession. To advance the College’s mission and raise the bar of our programs, we need to be there for our students, the bright stars of the future, who will continue the legacy by improving the health professions and, moreover, our communities.

The College is promoting the Dean’s General Scholarship fund (#312755) for emergency support and need base scholarships. Please consider a gift or pledge to this or any of our scholarship funds to count towards Students First, Students Now.

A list can be found at www.givetoe.osu.edu (click on: Additional Giving Opportunities). For our more senior alumni, please see page 21 for a creative gift opportunity and tax benefit as a possibility for supporting your alma mater.

You have done it again!

The announcement was made at the May 5, 2009 Professional Alumni Societies meeting by Craig Little, ‘84, the Director of Alumni Society’s for the OSU Alumni Association. The College of Pharmacy is the highest of all OSU colleges in the percentage of alumni who are paid members in The Ohio State University Alumni Association at 36%. (The College has held this position for several years.) Congratulations to all alumni for showing what you stand for. However, the executive committee of the College Alumni Governing Board wonders why these alumni do not join the Pharmacy Alumni Society in the same percentage. About 24% of Pharmacy College alumni join the Alumni Society. There is a gap between the 2200 in the OSU Alumni association and the 1500 Society members. Please join the Pharmacy Alumni Society now, as plans are being laid for a “members only” web page and events. Access to athletic tickets through the College will depend on membership in both the society and the association.

In 2010, the alumni governing board has made it easier to be a Lifetime Member of both the Pharmacy Society and the OSU Alumni Association. The Society will offer for the first time, a Lifetime Membership in the Pharmacy Alumni Society. Watch for the 2010 Membership Statement for the details. And, to pay your 2009 Society dues, there is a link on the College Alumni web site page for a membership statement. The College web site is www.pharmacy.osu.edu and look for the Alumni & Friends link.

2010 will mark the 125th Anniversary of The Ohio State University College of Pharmacy and there will be wonderful events available to help the College celebrate this milestone. Some of the celebration will be on Reunion Weekend on September 3, 4 & 5, 2010 which will be Labor Day weekend. So, mark your planners now so that you will be available to participate in the celebrations. The Alumni Football Tailgate Party will be for the Marshall University game on September 4, 2010. Plans are still being made to mark this College Anniversary, so stay tuned.

The 2009 Pharmacy Alumni Society elections were successful, as many of you are willing to serve your College and University. Particularly satisfying, is that through this process, the Society goals for diversity and for increased participation by younger alumni were met. Thank you to all of you who participated! Congratulations to Barbara Jo Ague, B’77, R.Ph., MSA, who was elected Alumni Society Governing Board Vice President. Barbara is the Pharmacy Operations Manager at Robinson Memorial Hospital, Ravenna, Ohio. Congratulations, Barbara!
One of the best blessings of my life is the fact that I’ve encountered so many people who showed me what true leadership is all about.

From my youngest days until now I’ve come in contact with a number of role models who showed me the necessity of strong leadership. Some of those people would be familiar names to you (Woody Hayes immediately comes to mind) but others are not quite as well known.

Still, whether they were famous or not the best leaders I’ve met shared some very similar traits. All were good at setting goals but even better at crafting the plans that helped you achieve those goals. All understood the interpersonal dynamics that can make or break a project or team. And all had the consistent focus you need to stay the course even when things look bleak.

These elements are things I’ve put to use since I took over leadership of the Alumni Association. We set the ambitious goal of being the biggest and best alumni organization then put together a strategic plan to direct those efforts. And while I can’t say that we have yet achieved the goal of being the biggest, I am confident in saying that we’ve moved much closer to being the best.

Today, we offer more programs and services than we did in the past. Our online capabilities have improved immensely and will continue to progress in the coming months. We truly feel that we are putting the pieces in place to make some major transformational jumps in the next few years. At the same time, we recognize that we can’t be satisfied with progress. Satisfaction can lead to complacency, and we will never be a complacent organization under my watch.

So what does this mean to you?

I understand that guiding clubs and societies presents even more challenges from a leadership perspective. Our constituent groups are powered by the spirit of togetherness and volunteerism, but members are not being paid for their efforts. This presents a challenge to the leaders of these groups. How do you keep people engaged and focused in efforts that may lack a tangible personal benefit?

First, I think that it is necessary to recognize the common bond that brings us all together. One thing all Buckeyes have in common is a great love of Ohio State. We all want to see our university grow and improve. Much like I have the goal of being the biggest and best alumni association, President Gee wants to see Ohio State rise to a position of eminence in the world of academia. We can all play a role in that effort and being organized makes that impact even more powerful.

I also think there’s a great deal of importance in goal-setting. Your group should have a clear goal or goals that all members are working together to achieve. Whether it’s to raise scholarship money, advocate for the university, or recognize tremendous faculty members, your group should have a clear goal in mind. Activity for activity’s sake is great, but purposeful activity is more valuable.

Lastly, I think that there must always be focus on growth that starts from leadership. All of our constituent groups have Ohio State audiences they’ve yet to reach. It is up to you to help find these people and get them engaged. No Buckeye should ever be able to say that no one has reached out to them. That would be an opportunity missed.

The challenge of leadership is clearly not an easy one to meet. Nothing worth anything is. At the same time, our university has given you the tools to lead effectively. I know you can do it.

2008 APCO Golf Outing

Assistant Dean, Ken Hale congratulates the two OSU College of Pharmacy APCO Scholarship recipients at the 2008 Academy of Pharmacy of Central Ohio Annual Golf outing on Wednesday, August 20 at the Clover Valley Golf Club. Purvi Bheta has been the Pharmacy Council representative to the Pharmacy Alumni Governing Board and is known to many alumni. Dennis Speler is the OSU ASP Chapter Treasurer. Both of the OSU students are P3s. Thank you APCO for your continuing scholarship support of the OSU College of Pharmacy. Event planners, please notify Lou Marcy at marcy.1@osu.edu if you are planning a meeting or golf outing. Dean Bob Brueggemeier might be available to come to your function to help support your activities.

The Marraro Gift of Apothecary History

Vito “Vic” Marraro, PhG, a graduate of Columbia University College of Pharmacy in 1923, and his wife Josephine “Dolly” Marraro, traveled extensively throughout the world. Each time they arrived at a location for the first time, they looked for a native ceramic apothecary jar to purchase to mark the occasion of their visit. Fortunately for us, they grew their finds into the vast collection that we are privileged to see today. And, further, they and their son Robert V. Marraro, Ph.D., an alumnus of The Ohio State University, and his wife, Barbara L. Marraro, JD preserved and protected the collection carefully, so that we can enjoy its beauty and historical value today.

Robert and Barbara Marraro have made a gift of this marvelous historical collection to the OSU College of Pharmacy, where it is on display in the Dean’s conference room. The Ohio State University and the College of Pharmacy are blessed by their kind and thoughtful gift! The display shelving in the conference room seems to have been made for this collection, as it fits perfectly.

D. Rich Miller of Walgreen’s visit the College in February 2009 to deliver a scholarship check to Dean Bob Brueggemeier. The Marraro collection is partially shown in the background and is a wonderful display of pharmacy history. Pictured from left to right is Shannon Weiher, Development Director, Dean Bob, D. Rich Miller of Walgreen’s and Heather Deters, Director, Student Affairs.

Packing, shipping, unpacking and placing the (36) apothecary jars and 3 mortar and pestles took some time and extra care. The collection is valued at many thousands of dollars and the individual pieces are irreplaceable! However, it has been a true pleasure from start to finish and a privilege to handle and preserve such a wonderful collection of pharmacy history. Thanks to Dean Bob Brueggemeier, the College, and the Pharmacy Alumni Society for supporting this effort. And, a special thank you to Alan S. Katz, BS ’61 for making the first visit on behalf of the College & Society to the Marraro’s former home in Sun City Center, Florida and for fostering the project from start to finish.

Please stop by Lloyd M. Parks Hall Room 217 when you visit the campus to see the collection. (Please call ahead for convenient access to the room.) It is hoped that the display of the collection will be a fitting tribute to Vito “Vic” Marraro, PhG and Josephine “Dolly” Marraro and to the Profession of Pharmacy.
Pharmacy Buckeyes show their loyalty to the Team at the 2008 BCS Bowl Game, New Orleans Style

Loyal pharmacy alumni and their families gathered in New Orleans, LA on Sunday, January 6, 2008 at Mulate’s Original Cajun Restaurant immediately following the Official OSU Alumni Association Buckeye Bash, which was staged at the Morial Convention Center right across Convention Center Blvd. Buckeye Spirits were high in expectation of a well-fought battle for the National Championship to be played on Monday, January 7, 2008! This was not to be the year for the football Buckeyes, but Buckeye fans expect a maximum effort in every game.

Pharmacy alumni & guests enjoyed traditional New Orleans Cajun specialties in the colorful buffet line and beverages of their choice. The relaxed and informal atmosphere at Mulate’s made everyone comfortable and ready to celebrate together. Dean Bob Brueggemeier was on hand to greet and make the attendees feel welcome! Dean Bob was accompanied by his son, Shawn, who made the trip from New Jersey.

Clarence Archer, B.S. ‘54 and Arnie Fox of Walmart came from Arkansas to cheer on the 2008 Buckeyes in their BCS Championship bid. Dr. Paul Witkowski, M.S. ‘80 and Mary were kind enough to provide the photography for the College BCS Party.

The Buckeye Pharmacy “welcoming committee” were on duty to get the BCS Party started with true Buckeye hospitality. Shawn and Dean Bob Brueggemeier, Lou and Carol Marcy frame in George Keller, B.S. ’76.

The BCS Bowl Party was a huge success despite the loss. Alumni, students and their families gathered in New Orleans, LA on Sunday, January 6, 2008 at Mulate’s Original Cajun Restaurant immediately following the Official OSU Alumni Association Buckeye Bash, which was staged at the Morial Convention Center right across Convention Center Blvd.

Clarence Archer, B.S. ’54 and his colleague from Walmart Pharmacies, Arnie Fox, came to the party with plenty of Buckeye spirit to share!

Jeff Naquin and his sister, Karen Hale, B.S. ’78, MPH ’95 and Assistant Dean and Senior Director of Pharmacy Services at the OSU Medical Center, Jerry Siegel, B.S. ’76, PharmD ’03 are pictured at the College BCS Party. Jeff and Karen are native to New Orleans, so their approval of the “Original Cajun” buffet at Mulate’s was important!

Betsy and Jeff Wallace, both of the B.S. class of 1973, proudly display their buckeye beads and spirit at the 2008 College BCS Bowl party. Jeff is the Director of Pharmacy Operations for the Ohio Region of Kaiser Permanente.

Longtime Alumni Governing Board representative, Jerry Fraker, B.S. ’69 enjoys the company and spirit at the College 2008 BCS Party.

Sally Sawicki, B.S. ’80 and Mark came to the 2008 College BCS Bowl Party from Orange Park, FL where they reside.
He couldn’t figure out why I wanted to interview him; said there was nothing unusual or outstanding in his life, or career, that would be of interest to anyone. How wrong he was! Mr. Stephen B. Raynes, 99 years old this year, retired pharmacist and OSU alumnus from Troy, Ohio shared some wonderful stories as a student, pharmacist and family man.

Listening to him speak, it was clear to me that I was in the presence of a member of our ‘greatest generation’. Born on a farm in 1910 in Buffalo, West Virginia, Mr. Raynes’ family moved to Columbus, Ohio in 1916. He was one of the first students to attend the brand new Central High School.

As an apprentice in a barber shop, Mr. Raynes, then 15 years old, met the neighborhood druggist. Mr. John Eitel, the owner of East Side Eitel’s Pharmacy, invited him to come to work for him. It was 1929 and young Stephen was earning $3.50 a week as a delivery boy at Eitel’s Pharmacy. A pound of hamburger was five cents, a loaf of bread 10 cents, a pound of coffee 47 cents and gasoline was 21 cents per gallon.

John Eitel had already encouraged several of his young employees to attend pharmacy school and he must have seen the same spark in the young Raynes boy, because he soon encouraged him to apply to Ohio State to study pharmacy.

September 1929 found Stephen on his way to college. Just one month later, his world (and all around him) would change. One might think that a world event, such as the Stock Market Crash of 1929, would derail Stephen from his college plans. But he persevered and gives the credit to his very thrifty mother, (a young widow with 6 children to support and raise), to whom he gave ALL of his paycheck, with saving and managing his tuition and book money.

Mr. Raynes recalls Clair Dye, Dean of the College of Pharmacy, having a reputation for being able to identify 35-40 different crude drugs, such as ergot from the rye plant, by smell, sight or touch alone. He also remembers Clarence Brown, secretary, Dr. Williams, math instructor and, of course, Lloyd Parks, whom he knew well and respected immensely.

After graduating from OSU in 1933 with his degree in Pharmacy, Mr. Raynes stayed on at Eitel’s Pharmacy, but now as a licensed pharmacist. He describes himself at this time in his life as “green as grass and dumb as a whale”. But with experience came wisdom and soon Mr. Raynes was the neighborhood pharmacist whom everyone knew. He was the person mothers talked to about childhood illnesses, the man whom friends consulted when their families were ill and the health expert that many visited when they could not get in to see a doctor.

During this period of time Stephen met, and married, a young lady, with beautiful red hair, at a neighborhood party. A customer, the uncle of this young woman, had invited Stephen to the party. Her name was Pauline, but everyone knew her as Polly. Stephen and Polly were married for 65 years before she passed away in 2002. They were parents to a family of four, two boys and two girls. Stephen and Polly and their family were active members of Westminster Presbyterian Church for 55 years. During that time Stephen served as a Deacon and an Elder.

Raynes continued to work for Eitel’s Pharmacy until 1937 when he was hired by Gallaher Drug Company and he and Polly moved to Dayton, Ohio. He worked for the 50 store chain in a management position for several years but wanted to get back into a community pharmacy setting. He was hired into a position at Fidelity Medical Supply and Prescription as a pharmacist where he was soon back to work doing what he loved.

Several years later the company split into several divisions and Raynes went with the Retail Pharmacy group under the ownership of Lee Eiler. He has many good memories of working alongside wonderful people including Lee Eiler, owner of Fidelity Prescriptions, Lowell Apple, Bill Thompson (’50 BS Pharmacy), Al Achbach (’53 BS Pharmacy), Felix Marshall and Margaret Ann Nau (Brown) (’45 BS Pharmacy). In addition to working as a pharmacist, Raynes was put in charge of purchasing drugs from the manufacturers for all 9 stores in the Fidelity chain in Dayton. He spent 25 years with this organization and retired as a Vice President of the company.

A great source of pride for Stephen is that the youngest of his five brothers, Clayton Raynes, also decided to follow pharmacy as his career. Clayton entered OSU in 1945 under the GI Bill and graduated in 1949. He, too, practiced Pharmacy in Columbus for a few years before moving to the Dayton area where he worked for an independent Pharmacy and eventually bought the store from the original owner. After retiring from Fidelity, Stephen often worked with his brother at the neighborhood pharmacy. Clayton is now retired and living with his wife, Marie, in Florida.

Stephen looks back at his career in Pharmacy and recalls the good times, those interactions with people. He also recalls some of the not-so-good times, such as three robberies. He prefers to dwell on the good memories, including Mr. Eitel in Columbus, his colleagues at Gallaher Drug Company, Mr. Eiler and his friends at Fidelity Prescriptions. He has fond memories of the many customers he worked with over the years.

Mr. Raynes is grateful for his education at OSU where he believes he learned to accept responsibility and became an adult. He treasures his years as a pharmacist, husband and parent. He currently lives in Troy, Ohio across the street from his daughter. He also finds time to volunteer two days a week at Upper Valley Medical Center, the local hospital where he has met many new friends.

February Board Meeting

OSU Men’s Lacrosse Head Coach, Joe Breschi is flanked by Don Bennett, ’70, MBA, left and Dean Bob Brueggemeier at the 2008 February Alumni Governing Board meeting. Coach talked about the need for balance between academics, community involvement and athletics for his 49 players. The top 20 ranked Buckeyes are to take on Denver at the Ohio Stadium before the Spring football game on April 19, 2008. The Pharmacy Alumni Society will hold a tailgate party before the Lacrosse game to help the team set an attendance record.

Kathy Lou Bickel, BS ’87, MS ’93 (Fisher College of Business), Vice President of Outreach, for the OSU Alumni Association, was a dynamic speaker at the 2008 February Alumni Governing Board Meeting. Kathy presented ways to improve the service of the Society to our members and bring the Society’s goals in line with the OSU Alumni Association goals. Pictured are Don Bennett, Society President, Jerry Marlowe, BS ’61, the representative of Ohio District 13 from Dover, Ohio, Kathy Bickel, Lou Marcy, BS ’65, Alumni Director and Dean Bob Brueggemeier.
The OSU College of Pharmacy SNPhA Chapter was proud to host the SNPhA Regional Meeting in Columbus, Ohio on April 4-6, 2008. The meeting brought students, alumni, faculty and friends from all over the U.S. to take part in this regional educational meeting. Pictured at the Hilton Hotel at Polaris are Dean Bob Brueggemeier, Vonny Suzany, SNPhA President Elect, Jung “Jeremy” Byun, Mrs. Ramona McCarthy Hawkins, BS ’50, Laura Connell, P1 and friend of the College, Ben Holland of Columbus, Ohio. Ben and his wife Jaci Holland were the 2007 Cassady Hale Diversity Enhancement Award recipients. NPhA and SNPhA national officers said that the OSU sponsored Regional Meeting in 2008 was one of the best regional meetings ever!

The whole OSU SNPhA chapter joined Asst. Dean Ken Hale on stage at the NPhA Annual Meeting at the SNPhA Awards Banquet in Ft. Lauderdale, FL to help present the OSU 2008 Cassady-Hale Diversity Enhancement Award to Darrell Bryant, PharmD. Bryant, the OSU SNPhA Chapter Advisor, was also honored with the NPhA Young Pharmacist Award for 2008. Double congratulations, Darrell!!

James Boakye-Dankwah, Jr., PharmD class of 2008 (far left.) was the National Treasurer of SNPhA for 2007-08 year. He joins the OSU College of Pharmacy SNPhA group at the NPhA Annual Meeting held in Ft. Lauderdale, FL on July 25-29, 2008. Pictured from left to right are James Boakye-Dankwah, Jr., Kong Li, P3, Jude Mbonna, P3, Issifu Tenii, P3, SNPhA Chapter President, Jeremy Byun, P1, Darrell Bryant, PharmD ’02, chapter advisor and National NPhA Treasurer, Laura Connell, P1, Rachel Moore, P1, Asst. Dean, Ken Hale, and Vonny Suzany, P3, President-Elect.

Ramona McCarthy Hawkins, BS ’50 is shown delivering her acceptance talk during the 2008 Maryland Women’s Hall of Fame induction ceremony, in March 2008. This is a wonderful honor for Mrs. Hawkins who is eminently deserving. Warmest congratulations!

The College and Dean Bob Brueggemeier have started an annual tradition, the Emeritus Faculty luncheon. The College is fortunate to have some of our emeritus faculty close by to be able to bring them together for sharing and fellowship. The 2008 luncheon was held at the Faculty Club on Monday, June 30, 2008. Those present were asked to share what they are doing. Here is some of what was said by those present. Carter Olsen and his wife Rita enjoy their place in Wisconsin on a lake where they enjoy boating and fishing.

Allan Burkman reports that he enjoys not having to write exam questions. He is still involved with many colleagues in the academy.

Deann Wittiai reports that she enjoys traveling. She is pleased with the progress in Medicinal Chemistry research at the College.

Popat Patil is working on a history of pharmacology and drug development at the OSU College of Pharmacy.

Bhagwan Garg, Ph.D., ’72, visiting the College from Haryana Agricultural University, Hisar Haryana, India. He remembers Professors Burkman, Harold Wolf, Jules Lapidus and Dean Parks.

Ray Doskotch reports that he is helping with Doug Kinghorn’s students. He & Halia enjoyed a family reunion in Georgia recently. He states that, “OSU graduates always felt that they could compete.”

Larry Robertson has written a brief history of pharmacognosy at OSU for the 125 celebration in 2010. He will take a summer course at Purdue to build your own electric guitar. He was diagnosed with diabetes this year.

Norman Uretsky reported that he finally stopped lecturing one year ago in pharmacology at the College. He liked to read historical writing and enjoyed a book on John Kennedy by Ted Sorenson. Professor Uretsky passed away on September 20, 2008. Donations to the Norman J. Uretsky Memorial Fund #312837 can be made in his honor.

Al Soloway reports that he does “heavy looking on” while Barbara does the gardening. His research has included the mechanism of breast cancer and later the mechanism of Parkinson’s disease. He sees physicians often “socially”!

Aldo Staubus reports that his son is a chef at the Beedy Monk Restaurant. Al has a lab on campus and does blood alcohol testing. He teaches law and still testifies in court on blood alcohol issues. Bob Belloto helps Al with testing overload. Oh yes, Dr. Staubus is in bartending school.

Anthony Bonacci is a Deacon in the Catholic Church and is a chaplain at the OSU Medical Center on Mondays. He started at the OSU Medical Center Pharmacy Department on his 24th birthday, July 1, 1967.
The 2008 APhA Annual Meeting in San Diego, CA brought wonderful honors, again, upon our College faculty and students. A group of over 80 faculty, alumni, and students attended the meeting to represent the OSU College of Pharmacy. Warm temperatures, sunshine, and beautiful San Diego Bay vistas greeted the Ohio State attendees. The honors earned by the faculty, alumni, and students at the 2008 APhA Annual Meeting made this one of the College’s all-time best meetings ever!

The APhA Academy of Pharmaceutical Research and Science (APhA-APRS) will only award the Tyler Prize for Stimulation of Research every three years. The 2008 recipient is Robert W. Brueggemeier, Ph.D., Dean of the OSU College of Pharmacy. Dean Brueggemeier is the first OSU faculty member to receive this prestigious scientific award for his efforts in encouraging research in the pharmaceutical sciences. Dean Brueggemeier has mentored 28 graduate students, trained 10 postdoctoral fellows, and advised numerous PharmD and undergraduate students. His areas of research specialization are medicinal chemistry, steroid chemistry and biochemistry, and hormones and breast cancer. His interdisciplinary research focuses on understanding the molecular roles of estrogens in hormone-dependent cancers and in the development of new medicinal agents such as aromatase inhibitors for the treatment of hormone-dependent breast cancer.

Dean Brueggemeier received his BA degree from Michigan State University and MS and PhD degrees in medicinal chemistry from the University of Michigan. He also completed a post doctoral fellowship at Harvard University. He has an extensive publication and scientific presentations record. Among other honors, he was elected an AAPS Fellow in 1997 and an AAAS Fellow in 1999. Congratulations to Dean Bob Brueggemeier. This award, so well-deserved, brings honor upon you and on the OSU College of Pharmacy. Thank you.

The Daniel B. Smith Practice Excellence Award is to recognize outstanding performance and achievements of a practitioner in any practice setting. George H. Hinkle, R.Ph., BCNP, is the 2008 Daniel B. Smith award recipient. George is associate professor of pharmacy and radiology at The Ohio State University where he also serves as Director of Nuclear Pharmacy Services. He received his BS and MS degrees at Purdue University. He has mentored numerous new nuclear pharmacists and is a recipient of the APhA-APPM Merit Award in 1996. George has been elected a fellow of ASHP in 1993 and of APhA in 1996.

Professor Hinkle is the second OSU College of Pharmacy faculty recipient of the Daniel B. Smith Practice Excellence Award. Professor Marialice S. Bennett was so honored in 1999. As an APhA Trustee and President of APhA-APPM, Professor Bennett was on stage at the Second General Session on Sunday, March 16, 2008 serving as emcee when Professor Hinkle was presented with the Smith Award. This was a very proud moment for the OSU College of Pharmacy. Marialice S. Bennett will be a candidate for APhA President-elect in 2009!

Congratulations to Professor Jen Rodis on her selection as the recipient of the 2008 APhA-APPM Merit Award for 2008 for her work on Partners for Promotion. She is a PharmD Graduate of Ohio Northern University and completed her residency training at the OSU College of Pharmacy. Jen was recognized and asked to stand in the audience at the Second General Session on Sunday, March 16, 2008. Jen received her award during the APhA-APPM Open Forum on Monday, March 17, 2008.

Douglas A. Miller, PharmD was elected as APhA Fellow by his peers on APhA-APPM. Doug is a 1972 BS graduate of OSU College of Pharmacy and earned his PharmD degree from the Philadelphia College of Pharmacy and Science. He is a professor at the Wayne State University College of Pharmacy and Health Sciences in Detroit where he teaches courses in professional practice and patient care. Previously, Doug led a team to establish clinical pharmacy services at Henry Ford Hospital in Detroit where he served for 20 years. He was appointed to the Michigan Board of Pharmacy where he served for 11 years including two terms as board chair. Congratulations, Doug!

The APhA 2008 Pharmacy Today One to One Counseling Patient Recognition Program recognizes students who have seized opportunities to provide outstanding patient care. OSU College of Pharmacy PharmD candidate, Andrea Hirsch, P4 was selected as a 2008 recipient of the One to One Counseling award. She was nominated by the pharmacy team of Langley Air Force Base. Her nomination letter stated that she demonstrated great leadership and concern for her patients when she “organized other students and assisted in the completion of more than 300 medication therapy reviews.” Andrea hopes to do a community practice residency after graduation in June of 2008.

The 2007-2008 OSU ASP Executive Officers and advisors take a moment out of the celebration at the Casa Guadalajara Restaurant to have their picture taken together. From left to right: Jerry Cable, Co-Advisor, Samantha (West) Bollinger (P3), Dennis Sperle, Treasurer (P3), Vicky Tkacz (P3), Josh Close (P2), Jeff Turner (P3), President, Shannon Hendricks (P2), President – Elect, Kelly McCormick (P1), Jim McAuley, Co-Advisor of ASP.

Laura Clark, P4, Bryan Helm, P2 and Alison Moser, P4 Relax together at the Dean's dinner in San Diego, CA. Laura represented the College in the ASP Patient Counseling competition for 2008 and for 2007. She is the only repeat patient counseling competition winner at OSU. Alison served on the APhA-ASP Awards Committee.
OSU Pharmacy ASP Rules!

The OSU College of Pharmacy Academy of Students of Pharmacy was awarded their second national award in a row in 2008. At the 2007 APhA Annual Meeting, the OSU ASP chapter was selected the “most improved.” In 2008 they were deemed Chapter Achievement Runner-up for ASP chapters. Congratulations to all of the OSU ASP students! Your recognitions are well deserved as you logged over 3,000 patient contacts in the 2006-07 academic year. In addition, OSU ASP members served on national APhA committees: Alison Moser, P4, served on the ASP Awards Committee. Vicky Tkacz, P3, was named to the ASP Education Committee.

OSU San Diego Fiesta at the 2008 APhA Annual Meeting!

The entire OSU College of Pharmacy contingent of over 80 faculty, alumni, residents, and students gathered at the festive Casa Guadalajara Restaurant in Old Town San Diego for the 2008 OSU Dean’s Dinner on Saturday, March 15, 2008. Dean Bob and Susan Brueggemeier greeted everyone before the Cena Dos menu of Mexican specialties was served. Live mariachi music filled the air as the OSU faithful relaxed from their busy meeting schedules. Thanks for providing this wonderful event goes to Dean Bob and the Alumni Society.

Professor George Hinkle is congratulated by Professor Marialice Bennett and Dean Bob Brueggemeier on his Daniel B. Smith Practice Excellence Award on stage at the 2008 APhA first general session on March 15, 2008. The College is so proud of Professor Hinkle first as a mentor to so many nuclear pharmacists and for the career-long leadership in his professional specialty. Professor Bennett is the other Smith Practice Excellence Award recipient at the OSU College of Pharmacy, so far!

Mariachi music fills the air as the Casa Guadalajara nectar is sipped by happy students!

The OSU pharmacy students gather at one of the ASP events. What a good looking and talented group!
Classmates of the PharmD class of 2011 are proud of their service to patients throughout their first year of PharmD College. From left to right are Rachel Sobinsky, Kristina Sowards, Kara Waychoff, and Mary Grime.

Rebecca Carpenter of the Pharmacy PharmD Class of 2011 listens to the speakers during her White Coat Ceremony. The official first wearing of the white coat symbolizes the beginning of a professional pharmacist’s career in service to his/her patients.

2008 Hooding Ceremony at Mershon Auditorium

Tom Wiley, BS ’76, was recognized as a Mentor of the Year 2008 for the College’s early experiential program and helped with placing white coats at the 2008 ceremony. His daughter, Laura Wiley was one of the first year students to receive her white coat at the ceremony. She did not know that her dad was to be the one to help her on with her coat. This was a wonderful surprise College moment! Congratulations Laura AND Tom!

Dean Bob Brueggemeier presents the Faculty Award to April Hildebrand, PharmD at the 2008 Hooding Ceremony on June 7, 2008. April will begin a Masters in Health-System Pharmacy Practice at the OSU Medical Center beginning in July, 2008. She is from New Philadelphia, Ohio and graduated Magna Cum Laude. One of the proud parents said of the Hooding Ceremony, “The ceremony is a wonderful event the COP and Alumni hold for the graduates and families. It makes all the effort that the students and everyone involved in their lives to be put into perspective and celebration.”
The 2008 Pharmacy Alumni and Friends Golf Outing was another in the line of successful scholarship fund raising events. Due to the efforts and expertise of Dean Bob Brueggemeier and Shannon Welther, Development Director, the 2008 outing was able to raise $55,000 in scholarship funds for professional pharmacy students. This was the highest amount ever for the alumni golf outing.

Frederick Ross “Rick” Jones the 2008 Athletic Department honoree for the Pharmacy Alumni & Friends Golf Outing was an OSU Golf Team Captain the year that he was the individual NCAA Golf Champion of 1956. In 1954, he was a member of the Big Ten Championship team. Rick was elected to the OSU Athletic Hall of Fame in 1988. He was elected to the Ohio Golf Hall of Fame in 1992. He is a 5 time Firestone Country Club Champion. It was a pleasure to be part of the celebration of his wonderful career.

Philip James Schneider, MS ’75 was a clinical professor and director of the Latiolais Leadership Program at the OSU College of Pharmacy. The Latiolais Leadership Program is a inter-professional program to optimize the medication use process and reduce adverse drug events. Prior to becoming director of the Latiolais Program, Phil was responsible for the residency program at the OSU Medical Center and many former residents remember him in this capacity. Congratulations and good luck at Arizona, Phil!

Please thank these sponsors when you have the opportunity. CVS/Pharmacy and Shawn Eaton, Kroger Company and Bill Sheridan are the Hole-in-one Sponsors. Nicole Zellie & John DeJames of Giant Eagle have increased their support this year and they are our new dinner sponsors! Thanks to all of our sponsors! Additional sponsors are listed below.

Bill and Elma Ague
APCO
Arlington Court
Easy Living Deli and Vlade
Janakievesky
Lou & Carol Marcy
Mylan Pharmaceuticals
Medco Health Solutions
Larry & Kim Schieber
Special thanks to Tom Whiston for arranging to bring the 2 BMWs for our Hole-in-one holes.

Others: The Golf Committee, helpers and student sponsors:
Special thanks to Tom Scono, Golf Chair.
A. Joel Arnold
Don Bennett
Dick Birnie
Dean Bob Brueggemeier
Shirlyn Chaffin
Bill Sheridan
Ralph Foster
Frank Sainato
Shannon Welther
Tom Whiston

Please make it a point to join us for the 2009 Pharmacy Alumni & Friends Golf Outing on the OSU Scarlet Course. It is a great way to support our College and our students.

Sally and Jim Staker, BS ’56 are presented with a proclamation for the James W. and Sally A. Staker Pharmacy Scholarship by Dean Bob Brueggemeier. This is the second endowed scholarship created by Jim Staker and family. Warm thanks, Jim & Sally!

A surprise visitor to the 2008 Pharmacy Alumni & Friends Golf Outing was OSU President, E. Gordon Gee. Here President Gee is congratulating Jim Staker, BS ’56 on the establishment of the second Pharmacy family scholarship.

The winning foursome of the 2008 Pharmacy Alumni & Friends Golf Outing is congratulated by Lou Marcy, Alumni Director, far left and Dean Bob Brueggemeier, far right. The winners were from the left, George Bellino, OSU Golf Team Captain in 1958, Rick Jones, Jr., Rick Jones, the 2008 Golf Outing honoree, and Doug Morgan, JD, ’82. There is no surprise that this team won. They all have great golf swings.

OSU Pharmacy Alumni Golf Outing honoree, Philip J. Schneider, MS ’75, receives a commemorative plaque from Dean Bob Brueggemeier. Phil had been recruited to the University of Arizona College of Pharmacy just before the 2008 outing. Congratulations, Phil!
Don Bennett, President of the Alumni Governing Board, welcomed all to the 25th Alumni Awards Banquet and Annual Meeting, Friday, May 9, 2008. The Blackwell Conference Center was a beautiful setting for this impressive group of distinguished alums and the evening proved to offer celebration and friendship for all present.

Several guests were recognized and introduced and after an eloquent invocation, by Professor Marialice Bennett, a delicious dinner was served.

After dinner, Don Bennett recognized the Lifetime Members of the Alumni Governing Board who were present, Ralph Foster and Bill Ague; past recipients of the Beal Award, the Distinguished Alumni and the Josephine Failer awards; past Alumni governing Board Presidents Amy Bennett, Bill Ague, Tom Whiston and all past and present alumni governing board representatives.

Don declared the 2008 Annual Meeting of the College of Pharmacy Alumni Society Board of Governors should come to order and invited Lou Marcy to discuss the 2008 Golf Outing June 23. Phil Schneider and Rick Jones were the honorees. A 1 HR Ohio Law CE program and a 1 HR science presentation were offered. Don acknowledged Bill Sheridan and the Kroger Company for donating the beautiful floral centerpieces and the meeting was adjourned.

Dean Brueggemeier delivered a College Update that was most appreciated by the audience.

And then it was time for the much-anticipated awards presentation. Lou recognized the Alumni Relations Committee for their hard work in selecting the award winners. The Josephine Sitterle Failer Award was presented to Michael C. Doherty, Pharm.D. ’98; the Distinguished Alumni Awards were presented to Laura A. Shaw, B.S. ’87, Jerry Siegel, B.S. ’76, Pharm.D. ’03 and Louis W. Marcy, B.S. ’65. The Jack L. Beal Postbaccalaureate Award went to Russel R. Allinson, M.S. ’78. A distinguished visitor visited the 2008 Pharmacy Scholarship Reception at the Blackwell Hotel on campus and met some of the student scholars being honored. President E. Gordon Gee is pictured with from the left, Christopher Jankowski, Virginia Duvall, Rebecca Mathias, Elizabeth Chang, President Gee and Nate Coons. All of the pharmacy students pictured here are P3s. This was a special moment during this wonderful event which brings scholarship donors and student recipients together.
Russel Allinson received his BS in Pharmacy degree from the University of Pittsburgh in 1973 and his MS in Pharmacy Administration from The Ohio State University in 1978. He completed an administrative/clinical residency at Riverside Methodist Hospital.

After completing his graduate training, Russ continued to work at Riverside Methodist Hospital as Assistant Director of Pharmacy. Russ left Riverside in 1979 and was hired as the Director of Pharmacy at Oil City Hospital in Oil City, Pa. Eighteen months later, Russ was recruited to be the Director of Pharmacy at ShadySide Hospital in Pittsburgh, PA where he would remain for the next 15 years. From 1981 through 1983, Russ implemented a decentralized, unit dose and clinical pharmacy service, the first of its kind in a tertiary care community hospital in Pittsburgh. In addition, he built a state of the art clean room and implemented a complete IV admixture service. In 1987 he was promoted to Director of Pharmacy and Material Management and in 1989 he was promoted to AVP of Clinical and Support Services. In 1992 he was named AVP Quality and Organizational Development and assigned the task of creating and implementing a system wide Continuous Quality Improvement System. In this position, he coordinated the training of over 2500 employees in CQI and established numerous Clinical Process Improvement Teams. In 1994 he was promoted to Corporate Director of Quality and assumed line responsibility for the Quality Division of the Health System.

Russ left Shadyside in 1996 to join Stadlanders, a rapidly growing specialty pharmacy providing transplant and HIV medications to patients across the US. While at Stadlanders, Russ re-engineered the operations division to multidisciplinary disease focused clinical service teams, developed an automated work flow system, expanded the automated fulfillment system, and implemented a CQI System with Statistical Process Control methodology. In 2000 Russ left Stadlanders and after a brief stint at the internet company FreeMarkets, was recruited to the national specialty pharmacy Priority Healthcare as the SVP/Chief Pharmacist. In March 2003, Russ was directed to focus on the development of disease specific clinical pathways for the care of patients on specialty pharmacy products in 15 different disease/therapeutic categories. That work culminated in a joint venture between Priority and Aetna to create the Aetna Specialty Pharmacy which was sold to Aetna in late 2005. In January 2006, Russ and his business partner founded Therigy, a company dedicated to developing products and providing services to optimize the health care outcomes of patients on specialty and high cost medications. Therigy includes as its customers: health plans (Cigna), specialty pharmacies (McKesson Specialty, Precision Specialty Solutions), health systems, and pharmaceutical manufacturers. Therigy has also developed an internet based company, Therigy.com, to provide it products over the Web.

While his business responsibilities have been demanding, Russ has found time to support his community and his profession. In 1983, Russ published a book, *Drug Abuse, Why It Happens and How to Prevent It*. For many years, he taught several modules of the introductory pharmacy course at the University Of Pittsburgh School Of Pharmacy and was a volunteer leader for the Annual Pharmacy Student Leadership Retreat for several years. He received the Alumni of the Year award from Pitt in 1996.

Of all his accomplishments, however, the one he is most proud of is his family. He and his wife Amy have two sons who graduated from Pitt, one who graduated from Notre Dame and twin daughters who recently graduated from the University of Florida. They also have one grandson.

Steven L. Bramer received his BS from New York State's Cornell University in 1982. He initially pursued his graduate studies in human pathology in an MS program with the College of Medicine at The Ohio State University (OSU). During his studies he was working in Dr. Jessie Au's laboratory where he became fascinated with the research being conducted at the College of Pharmacy. This led to his decision to study under Dr. Au while pursuing his Ph.D. in Pharmaceutics in the College of Pharmacy at OSU. He was a Berlex Fellow. His graduate work focused on absorption and toxicity of drugs in the intestinal tract.

Following the awarding of his Ph.D. in 1992, he joined Wyeth-Ayerst's Clinical Pharmacology Department as a pharmacokineticist. He rapidly advanced in his career and was appointed to several clinical drug development teams as well as the Assay Validation Committee. He chose to follow one of his mentors in 1995 to develop the Clinical Pharmacology department at Otsuka America Pharmaceuticals Inc (OAPI). During his 10 years at OAPI, he moved through the ranks to a position of Senior Director where he served as the functional head of the Clinical Pharmacology Department (encompassed pharmacokinetics, pharmacodynamics, bioanalytical, metabolism, clinical conduct); Clinical Project Leader for ophthalmological, antimicrobial, and dermatological drugs in development; and Advisor to Japan in translational medicine. He was involved in all phases of drug development globally, including phase IV commitments. He successfully integrated the use of modeling, population analysis, and clinical trials simulations into the company so it had timely impact on clinical development decisions and helped support numerous NDAs. He contributed significantly to the company’s growth, processes, structure, and success in numerous ways. He was involved in out-licensing, due diligence meetings, and partner negotiations. He received multiple service awards and a leadership award. He served as their global expert in early phase (III) development and several key projects impacted FDA guidances under development in a favorable way. He left Otsuka in 2005 to try a new venture as a Vice President in a biotechnology company Angoteh Pharmaceuticals developing drugs, devices, combination products, and stem cell research. He was the head of the facility in Virginia and was responsible for the clinical conduct of all studies. He also supported regulatory as an expert in product defense. He was involved in process development throughout the company, due diligence for purchasing products and companies, aided in assay development, designing of GLP animal experiments, and overcoming manufacturing difficulties. He also served as the company’s pharmacokineticist and biostatistician. He defended the company during regulatory audits and was pivotal to getting regulatory approval in the United States as well as in Europe.

He has contributed substantially to 18 INDs, 6 NDAs (5 approved), 2 NDAAs, 2 JNDAs, 1 sNDA, 6 IDEs and 2 PMAs. He has authored or coauthored 40 peer-reviewed manuscripts, 78 abstracts, and a book chapter. He is an Adjunct Associate Professor at OSU and has served as the external reviewer on several dissertations at other institutions.

He and his wife live in Maryland and have one daughter that just recently graduated from college followed by marriage.

Professor Emeritus Joseph F. Dasta received his B.Sc. in Pharmacy in 1974 from West Virginia University School of Pharmacy and M.S. and residency in Hospital Pharmacy from The Ohio State University (OSU) in 1976. He began his academic career in 1976 at OSU and developed one of the first practice sites and post-doctoral training programs in critical care pharmacy. He has trained eleven residents and nine fellows who have become prominent practitioners, researchers, and leaders in the profession and in pharmaceutical industry. The accomplishments of his first resident, Judi Jacobi, Pharm.D., are particularly noteworthy. She will become the first pharmacist president of the Society of Critical Care Medicine (SCCM) in 2010.

Professor Dasta was one of the first pharmacist members of SCCM and helped establish the role of the pharmacist in this multidisciplinary society. There are currently 1000 pharmacist members. SCCM has honored him by creating the Joseph F. Dasta Critical Care Pharmacy
Outcomes Research Grant in 2000. Professor Dasta was recently elected to a three-year term on Council, the governing body of SCCM. He is a fellow of the American College of Clinical Pharmacy and the American College of Critical Care Medicine. He serves on the editorial board of Critical Care Medicine and Annals of Pharmacotherapy. Professor Dasta has over 200 peer-reviewed publications, abstracts, brief communications, and book chapters. He has given over 250 lectures on various topics related to critical care and health outcomes.

His research has focused on clinical response, health economics, and safety of acute care pharmaceuticals. Specific areas of interest include sedation, sepsis, acute renal failure and acute heart failure, anemia in the ICU, hyponatremia, and hypertensive emergencies.

Professor Dasta retired from OSU in June 2007 after 31 years. He currently resides in Austin Texas and is a healthcare consultant to pharmaceutical and device companies, and Round Rock Medical Center-ICU. He holds appointments as Professor Emeritus from The Ohio State University, and Adjunct Professor at the University of Texas. He has been a consultant and member of the speaker's bureau of several pharmaceutical and device manufacturers including Alaris, Astellas, Fontus Pharmaceuticals, Hospira, jSTAT, Keimar, Ortho-Biotech, PDL Biopharma, and The Medicines Company. Professor Dasta has provided evaluation and insight into investigational and marketed drugs and devices, formulary decisions, protocol development, and pharmaco-economic perspectives. He has also been involved with the area of business development within the pharmaceutical industry.

Robert L. Stephens Jr. received his BS in Pharmacy from Purdue University, School of Pharmacy and Pharmaceutical Sciences in 1978. After working in retail and research pharmacy practice, he pursued graduate studies at The Ohio State University, College of Pharmacy, Division of Pharmacology from 1980-86 under the tutelage of Dr. Norman J. Uretsky. He was awarded a four year NSF fellowship in support of his studies regarding the role of excitatory amino acids in mediating locomotor disorders such as Huntington's Chorea and Parkinson's Disease. In 1985, Dr. Stephens was awarded the Chauncey B. Leake award for Excellence in Pharmacy in a campus-wide competition.

Dr. Stephens was awarded a NIMH Postdoctoral fellowship from 1986-1988 to study at the University of California at Los Angeles under the tutelage of Drs. Yvette Tache', Herbert Weiner, and Donald Novin. His research revolved around the role of neuropeptides in mediating brain-gut interactions. In 1989, Dr. Stephens returned to The Ohio State University to accept the position of Assistant Professor in the Department of Physiology. His NIH-funded research explored the role of serotonin in mediating gastrointestinal function. In 1994, Dr. Stephens received the Janssen Award in Gastroenterology for "Basic or Clinical Research in Digestive Sciences." More recently, his NIH-funded research interests surround the role of dysfunctional glutamatergic systems in mediating chronic pain disorders. In addition to his research, he teaches the Endocrinology section of Physiology to pharmacy, dental and medical students. Highlighting his service activities, in 2005 Dr. Stephens was elected a permanent member of the Somatosensory and Chemosensory Systems Study Section of the National Institutes of Health.

Dr. Stephens and his wife of 19 years, Estella share a passion to provide excellent educational opportunities to disadvantaged youth. Together, they serve on the Boards of the W. C. Cope Family of Schools in Central Ohio. These high-academic achieving Community schools aim to fill the pipeline with scholars from disadvantaged communities to the University setting. Many educational activities linking OSU with its surrounding communities have been implemented by these initiatives.

2008 College of Pharmacy Distinguished Alumni Award

Laura A. Shaw, RPh., earned her Bachelor of Science degree from The Ohio State University, College of Pharmacy in 1987. She started her career at Nationwide Children’s Hospital of Columbus and the Central Ohio Poison Control Center. She was a vascity member and captain of the Ohio State Crew team and rowed on the team for 4 years. Upon graduation, she worked full time at Nationwide Children's Hospital and the Central Ohio Poison Control Center until March 1988 when she married and moved to Connecticut. There she continued her career in the retail practice of pharmacy with CVS/Pharmacy and held various management positions. She was promoted to a Pharmacy Human Resource manager and created the first recruiting program for pharmacists and interns in 1989. She was then promoted to Pharmacy Supervisor and managed over 35 stores in Connecticut and Rhode Island and managed 75 pharmacist and over 100 technicians. She was responsible for staffing, payroll, inventory control, and gross margin control.

In 1995, her and her husband moved to Michigan to pursue their careers. Laura joined Rite Aid in 1995 and has had a very fast paced, diverse and aggressive career since her arrival. She started as a District Manager, Pharmacy Acquisition Specialist, and a Pharmacy Director. In 2001, Laura was promoted to Vice President of Pharmacy Operations for the Central U.S. for Rite Aid. In this role, she was responsible for pharmacy operations in 1000 stores in the Central U.S. Her role included pharmacy sales, hiring, training, inventory, state and college relations, as well as new business development. She managed over 40 supervisors. Also in 2001, she was appointed by Governor Engler of Michigan to the Board of Pharmacy. She was appointed to a 4 year term. Her role on the board has been on the Disciplinary Subcommittee, Continuing Education, and Rules Committee.

In 2003, Laura was promoted to a corporate Vice President of Pharmacy Acquisitions for Rite Aid Corporation. In this role, she is responsible for the entire country and has a team of 10 Directors, an Acquisition Specialist, and a departmental assistant. She is responsible for all acquisition activity for Rite Aid, both buying and selling of prescription files and assets. She is responsible for targeting opportunities, financial evaluation, and the overall Rite Aid growth strategy. She continues to grow the department and contribute to the overall corporation.

In 2005, she was re-appointed to the Board of Pharmacy under Governor Granholm for a 4 year term. She was elected to the position of Chairman of the Board and in 2006, and elected to the NABP Executive Board for District IV for a 3 year term. She also took over as the lead conferee for the Board of Pharmacy and has handled many state Attorney General cases.

She has served on The Ohio State University President’s council as well as been the Michigan delegate for NABP in 2002, 2004, and 2007.

Laura is also a 2005 graduate of Wharton School of Business, Executive Management Program for Pharmacy Leaders.

Laura and her husband Jody (OSU Engineering B.S.'85, and M.S. '87) have 2 boys, Calvin and Kyle and live in Waterford, MI. They are all very active in their school, church, and community.

Jerry Siegel, PharmD, FASHP is Senior Director of Pharmaceutical Services at The Ohio State University Medical Center in Columbus, Ohio. He is also Clinical Associate Professor and Assistant Dean of The Ohio State University College of Pharmacy.

Jerry Siegel was born and raised in Columbus, Ohio and is a graduate of Walnut Ridge High School. He attended The Ohio State University in 1968 and graduated with a B.S. in Microbiology with distinction in 1972. After working at University Hospitals as a clinical microbiologist, he returned to Pharmacy school and continued to work at OSU and Mt. Carmel as an intern until graduation in 1976. His first job at University Hospitals was as a transplant clinical pharmacist. He also practiced in hematology/oncology and pain management. He became Clinical Coordinator in 1982, Assistant Director in 1986, Associate Director for Clinical services in 1990, and Sr. Director in 1993.

After working with the College of Pharmacy for many years on development of a
Non-traditional PharmD program, he enrolled in the first class and became the first graduate of that program in 2003. He continues to support that program as well as encourage many other colleagues to continue their education.

Dr. Siegel is the program director for the ASHP accredited residency programs at OSUMC. The program has grown considerably over the past 15 years and will have 23 residents next year in three programs. He has also started a non-traditional residency program. There are over 400 resident graduates from OSUMC.

Dr. Siegel’s clinical and research interests primarily revolve around the immunology arena. He has more than 100 presentations and publications in the area of immunology and the use of intravenous immune globulins.

Dr. Siegel has also been active in pharmacy organizations. He has been a past president of the Central Ohio and Ohio Society of Health System Pharmacists (OSHP), a delegate and past chairman of the pharmacy practice management section for ASHP, and has been very active in FIP (International Pharmacy Federation). He has presented at these international meetings over the past twenty years and is currently on the development committee for the Global Conference on the Future of Hospital Pharmacy, to be held in Basel, Switzerland in August 2008.

Dr. Siegel has been honored with several awards such as the Walter Frazier Award and the Latiolais Leadership Award presented at the ASHP in 2003. In 1996 he was recognized as a Fellow of the American Society of Health–System Pharmacists.

If you know Jerry at all you know that he is a wine connoisseur. He has been lecturing and teaching wine tasting for twenty plus years and has developed a company to merge his two passions called WineScripts. He recently conducted a wine tasting and corporate etiquette class for the SNAPPhA regional meeting in Columbus.

Jerry has been married to his wife Marjorie for nearly 35 years. They have one son, Brian, who is a computer systems network administrator for the OSU Research Foundation, and one daughter, Alison, who graduated in 2007 from OSU College of Dentistry and practices in Chillicothe, Ohio.

Louis W. Marcy, R.Ph., B.S. earned his Bachelor of Science in Pharmacy Degree from The Ohio State University College of Pharmacy in 1965. His professional career began at Risch Drug, Circleville, Ohio. However, his exposure to pharmacy began a lot sooner. He was an apprentice and an intern at Marcy’s Pharmacy in Lakewood, Ohio during high school and later in college. John C. Marcy, R.Ph., his father, was his first preceptor. The whole Marcy family including 2 sisters, 2 brothers, and his mother worked at one time or the other in Marcy’s Pharmacy in Evansville, Indiana or in Lakewood, Ohio.

After three years in Circleville, Ohio, Lou moved to Columbus, Ohio to work at the Zell Prescription Center as a staff pharmacist and a surgical appliance fitter. College friends and colleagues introduced him to Roger White and together they planned and eventually opened the Medicine Shoppe Pharmacy on Kenny Road in Columbus. Along with partners Bill Marks and Ray Walters, the group eventually owned and operated as many as 4 pharmacies in Upper Arlington and Northwest Columbus. As manager and president of the Medicine Shoppe for 15 years, Marcy enjoyed working with a number of outstanding OSU pharmacy students and pharmacists, Professors Jim Coyle, Marialece Bennett, and Laura Hall at OSU, and Dean Bill Riffe, of the University of Florida, College of Pharmacy are among the many “alumni” of the Medicine Shoppe.

In 1990, Lou started his professional career at OSU as a staff pharmacist at the OSU Clinic Pharmacy and as it was known later, the Pharmaceutical Care Clinic. While there, he began serving part time in the Anticoagulation Management Service with Karen Knoll, PharmD. Lou had taught a class in the OSU College of Pharmacy, called Prescription Accessories from 1978 to 1987. In 1995, Lou was asked to teach Nonprescription Drug Products twice a year to the BS students and he did so until 2002 when the last Bachelor of Science in Pharmacy class was graduated.

While practicing in the Anticoagulation Clinic, two days a week and teaching the Nonprescription Drug Class twice a year, Lou got his chance to become the Alumni Affairs Director in February, 1999 under Dean John M. Cassidy. As the alumni functions grew in size and number each year, and the BS Program ended and the anticoagulation clinic became self-supporting, Lou became the full time OSU College of Pharmacy Alumni Affairs Director, under Dean Robert W. Brueggemeier in September, 2003. Sadly, he took care of his last anticoagulation patient at that same time.

Alumni activities have continued to grow in number and complexity since 2003, including events in Columbus and around the country at national pharmacy meetings. The outstanding College faculty members are frequently honored with national recognitions and elections to office in professional organizations, which require a College presence and celebration. The alumni office also produces two publications a year of the Script News. The Alumni Society Board of Governors meet 2-3 times a year and it is a very active and vital organization, providing significant support of the College and of numerous endowments.

His honors include the Academy of Pharmacy William J. “Bill” Marks Award in 2006 and the OSU APhA-ASP Ralph V. Foster Friends of APhA-ASP Award in 2005.

Lou’s wife and life partner of 43 years is Carol Lee Jones Marcy, B.S. in Education at OSU. Carol is a retired Columbus City Schools elementary teacher. They met on a blind date at OSU in 1962. Together, they have two grown children and one granddaughter.

Michael B. Doherty PharmD, is an Assistant Professor of Clinical Pharmacy Practice and Director of Experiential Training at the James L. Winkle College of Pharmacy at the University of Cincinnati. He holds a Bachelor of Science in Pharmacy from the University of Toledo and Doctor of Pharmacy from The Ohio State University. He completed a Community Pharmacy Practice Residency at The Ohio State University College of Pharmacy.

Upon arriving at the University of Cincinnati, he was charged with developing and maintaining a clinical practice site at the Cincinnati Health Department. For six years he served as director of Clinical Pharmacy Services at the Cincinnati Health Department, where he developed and coordinated the diabetes education program which served their 1500 diabetes patients. In recognition of his services at the Health Department and in the Community, he was the recipient of the 2003 American Diabetes Association S.W. Ohio & N. Kentucky Area Medical Professional of the Year Award.

He also serves as the Faculty Advisor for the American Pharmacists Association-Academy of Student Pharmacists. Since becoming advisor the chapter he has achieved unprecedented accomplishments including Most-Improved Chapter 2003, and the Innovative Programming Award in 2004. They have had 2 students win National Student Leadership Awards and multiple students appointed to national standing committees and receive APhA Foundation scholarships. In 2001 Dr. Doherty was selected as the Phi Lambda Sigma Honored Faculty Member at the University of Cincinnati.

In 2005 Dr. Doherty accepted the position of Director of Experiential Training at the James L. Winkle College of Pharmacy. As Director, he is responsible for overseeing the experiential program and coordinating the experiences for students throughout their curriculum. He is also a member of the Ohio Professional Experience Program Special Interest Groups which works with the other Colleges of Pharmacy in the state of Ohio to enhance experiential training in the state and region. In 2007, the James L Winkle College of Pharmacy received commendations on their experiential program from ACPE during their most recent accreditation. In addition to serving as Experiential Director, he coordinates and lectures in the Introduction to Advanced Pharmacy Practice Experience and Therapeutics of Endocrine Disorders courses. He is currently working on scholarship of teaching project which is measuring the effectiveness of ethical dilemma debates as a teaching tool in his therapeutics course. Mike and his wife Nikki live in Liberty Township, Ohio and have three children, Caitlyn (8), Lexi (6), and Nathan (4).
We take our Pharmacy Alumni Society for granted. The organization is vibrant, running smoothly, and always there to keep us connected, informed, and involved with our profession. But not many know the origins of the association. George M. McCann, one of three founding members of the Society, relates the story of how he, Professor Jack Beal, and Josephine Failer, met in 1981 and decided it was the right time to organize a professional group to further the interests of pharmacists and pharmacy education. The three pharmacists/friends discussed how an effective alumni organization could provide cohesiveness and communication to pharmacy graduates, wrote a constitution for the group and launched the College of Pharmacy Alumni Society. George, founding Vice President and second President, is an integral member of the Society having continued his membership over the years. Today, the Society is an active, vital, and important organization for concerned pharmacists wanting to stay connected and involved in their profession and with their colleagues. George believes the Society is successful because pharmacists are a cohesive group, who understand the value of professional connections and are loyal to their roots (their alma mater).

George's leadership qualities go far beyond his activities in the Pharmacy Alumni Society. George was an involved student, active in student government (University Student Senate), Polo Team, Pershing Rifles and Advanced ROTC. A call to active duty in 1943 took George away from the university for a period of three years, during which time he served as an artillery officer in the 84th Infantry Division in Europe where he won three battle stars. Because there was concern that the German people might riot against a military occupation, George commanded a platoon of mounted soldiers, the most effective strategy against rioting, and believes “he is one of the last US Horse Calvarymen you or anyone else will ever see.” True to his generation, “The Greatest Generation”, George is modest in talking about his military career.

Following military service, George returned to OSU and graduated in June, 1947, with a BS Degree in Pharmacy. Just six years after George’s graduation he became a member of the College's Alumni Advisory Committee (chairman two years later). Because of this association George was appointed Pharmacy College representative to the Alumni Advisory Committee of The Ohio State University Alumni Association and in 1974 was elected to the Board of Directors of this organization. Imagine the influence and expertise George brought to the Pharmacy Alumni Society from his years of involvement at the university level. His ‘perfect attendance record’ at every board meeting of the OSU Alumni Association is testament to his devotion and commitment to OSU.

George owned his own pharmacy for many years, Fireoved & McCann, in downtown Springfield, Ohio. His father, a graduate of the New York College of Pharmacy, preceeded him in practice at the Springfield location beginning in 1916. Retiring from full-time pharmacy practice in 1987, he remained active in community and professional affairs. He is a fifty-year member of the Kiwanis Club of Springfield and one of the founders of the Clark County Pharmaceutical Association.

George speaks lovingly of his family. He and his wife, Frieda, whom he married at the height of WWII, have four children and six grandchildren. In their immediate family of six, they boast eight Ohio State degrees. In addition, both George and Frieda have earned Masters Degrees, George in History from Wright State University and Frieda in Library Science from the University of Pittsburgh. Currently, they live in Springfield and are involved in a host of civic activities (not a surprise) and have enjoyed recreational bicycling extensively in North America and Europe. Mr McCann, The Pharmacy Alumni Society thanks you for your foresight and commitment to the profession.

College Research Day 2008 “Pharmaceutics in the New Millennium: If Only Drugs Could Fly”

On May 19, 2008, faculty, staff, students, researchers, and colleagues of Dr. Sylvan Frank, Associate Dean for Professional Programs, and Professor of Pharmaceutics, gathered to honor him and showcase the research activities of the College. The day-long event included 80 poster displays of faculty and student research and a symposium in the area of pharmaceutics research.

During his distinguished career in pharmaceutics education and research, Dr. Frank advised over twenty-five graduate students. Many of his former students returned on this day to honor him and speak at the symposium. Dean Brueggemeier opened the symposium and introduced Dr. Joseph Alutto, Executive Vice-President and
Twenty-two years and still going strong...

The College of Pharmacy alumni gathered to cheer on their OSU Buckeyes to a victory at the 22nd Annual College of Pharmacy Tailgate Party, Saturday, September 6, 2008. OSU welcomed ALL its alumni home and honored them with a celebration weekend filled with parties, campus tours, luncheons and concerts. At the College of Pharmacy we treated our guests to a delicious brat lunch at our festive tailgate party.

The game was truly a battle. A battle! Ohio University, a tough team led by a tough coach – former Nebraska head coach Frank Solich, led 7-6 at halftime and 14-12 entering the fourth quarter. Only 18 total yards and two first downs separated the final team stats. Two fourth quarter touchdowns by Ohio State, including a 69-yard punt return by Ray Small, sealed the win.

Sincere thanks to Shirlyn Chaffin (Committee Chair) and all our alumni tailgate volunteers who worked tirelessly, and had lots of fun, organizing this event!

Linda Bendinelli, BS ‘80, PharmD ’07, the Alumni Society Past President shares some fun kidding with Lou Marcy at the 2008 Tailgate party! Thank you, Linda!

Volunteers Seneca Bing and Barbara Hegler greet and serve the 2008 Alumni Tailgate attendees before game with the Ohio University Bobcats. On the left, Chris and Linda Bendinelli, BS ’80, PharmD ’07, are available to help with any questions at the registration table.

Frank Sainato, BS ’58, left, John Coughlin, BS ’56, Alumni Society Treasurer, middle, and Tom Murphy tend their fires and brats at the 2008 Tailgate Party. We love our cooks! Thank you, guys!

Doc Lamberjack, BS ’93 and Kristen Lamberjack, BS ’94, PharmD are pictured at the 2008 Tailgate. Doc & Kristen are regulars and willing volunteers at the alumni tailgate parties. Both are preceptors for students of the College.

Some VIP guests were surprise visitors to the 2008 Alumni Tailgate Party. Left to right is Amy Bennett, BS ’70, Don Bennett, BS ’70, MBA, Archie Griffin, President and CEO of the OSU Alumni Association, Lou Marcy, Alumni Director, Dean Bob Brueggemeier, and in front is Kathy Bickel, VP of the OSU Alumni Assoc. for Outreach.
The 2008 ASHP Midyear Clinical Meeting

The Cleveland Clinic Pharmacy Department staff was on hand to show their support of Chief Pharmacy Officer, David Kvaczn, MS ’81, the 2008 recipient of the coveted Latiolais Award at the Latiolais Awards Luncheon during the ASHP Midyear Meeting. From left to right is: Karissa Kusick, PharmD ’08, Sarah Adriance, Amy Schilling, Jodie Fink, Mort Goldman, David Kvaczn, MS ’81, Sam Calabrese (behind Dave), Harlow Akins (behind Sam), Jacqueline Amacher (yellow shirt), Beth Carberry, Karen Lochbihler (red shirt on the end), Angela Yaniv (front with name badge) and Mandy Leonard (front next to Dave).

David A. Kvaczn is the 2008 Latiolais Award Recipient

“...enthusiasm for excellence.”
Clifton J. Latiolais

The 2008 OSU Masters of Health-System Pharmacy Administration and Latiolais Awards luncheon was held at the Peabody Orlando Hotel on Wednesday, December 10, 2008. M.S. graduates from all over the country assembled at the luncheon to honor the 2008 recipient of the Clifton J. Latiolais Award during the ASHP Midyear Clinical Meeting. The 2007 Latiolais Award recipient, Robert J. Weber, B.S. ’80, M.S. ’82, FASHP and PharmD candidate at OSU was on hand to present the 2008 Latiolais Award to honoree, David Kvaczn, MS ’82. The recipients are chosen by the vote of the past recipients of the Latiolais Award. David A. Kvaczn is the Chief Pharmacy Officer, at the Cleveland Clinic. David was the 2005 John W. Webb Visiting Professor for Excellence in Health-System Pharmacy. He is also a 2002 Jack L. Beal Postbaccalaureate Alumni Award Recipient from the OSU College of Pharmacy. He was elected a Fellow in ASHP in 1996. In his acceptance remarks, David challenged his colleagues in the profession and asked “What will your indelible mark on the profession look like?”

Guests enjoyed the luncheon at the Peabody, sponsored by Abbott Laboratories and Cardinal Health. The next Latiolais Awards Luncheon will be on Wednesday of the 2009 ASHP MCM in Las Vegas, NV. M.S. graduates should mark their calendars now for this traditional event.

Don Brophy, PharmD is Awarded the 2008 Clinical Achievement Award

The 4th Annual Jerry Siegel Clinical Achievement Award dinner honoring the 2008 award recipient was held on Monday, December 8, 2008 at Maggiano’s Restaurant on International Drive in Orlando, FL during the 2008 ASHP MCM. Donald F. Brophy, PharmD of North Dakota State University is the 2008 Recipient of the Jerry Siegel Clinical Achievement Award. Jerry Siegel presented the award and some kind remarks about the excellent career of Don Brophy.

Jerry Siegel, BS ’76, PharmD ’83, the Senior Director of the OSU Medical Center Department of Pharmacy and Assistant Dean of PPAD at the College of Pharmacy, took this opportunity, when all of the past and present residents of the OSU Medical Center were in attendance, to announce his retirement. After 30 years of service to the OSU Medical Center and the College of Pharmacy, Jerry will retire on September 9, 2009!

There were some tears in the eyes of residents and pharmacists in the room at the announcement. In the years between 1969 and 2009, Jerry has guided the department through many troughs and triumphs and he will be missed. Congratulations on a stellar career, Jerry!

The Ohio State University Reception at the 2008 ASHP Clinical Midyear Meeting: A College Tradition!

Sponsored and hosted by Dean Bob Brueggemeier and the College and by Asst. Dean, Jerry Siegel and the Department of Pharmacy, the reception provides a place where busy alumni, residents, students, faculty and friends of the College can relax and catch their breath each year. The memories of past OSU receptions at Midyear live on in the memories of pharmacists across the country who provide care for their patients on a day to day basis. There needs to be a time to celebrate their efforts. More than 250 people were in attendance at the 2008 reception at the Rosen Centre Hotel on Tuesday, December 9, 2008 at 5:30 PM. Alumni who will attend the ASHP MCM should look for the location of the OSU reception, always held on Tuesday of Midyear.

Kerry Pickworth, Danielle Blais, and Trish Jordan were celebrating their ASHP Foundation Award for Excellence in Medication Use Safety Recognition and Video. They were presented the Award for Excellence at the ASHP Opening General Session on Monday of Midyear. Other College faculty in attendance, Milpa C. Nahara, Phil Schneider, Niesha Griffith, Ryan Forrey, Debbie Goff, Michael Berger, David Smeenk, Kari Mount, and many others. Professor Emeritus Joe Dasta, also attended the reception.
Chili Cook-off

April Hildebrand, John Hertig, Megan Brown, and Kayla Hatt, residents at the OSU Medical Center are shown with their cute theme of “USP 797 Non-Compliant Chili” and it won the Student’s Choice Award. Note the IV ingredients hanging in the background. Secundum Artem! The event was resurrected again this year by the OSU ASP Chapter and as usual was held on Michigan Friday, November 21, 2008. The Pharmacy Alumni Society is one of very many sponsors for this fun and tasty College tradition!
Buckeye Pharmacists Awards at OPA 2008

The OPA Awards Luncheon held on Friday, April 11, 2009 at the Columbus Convention Center honored three OSU College of Pharmacy alumni. Joseph R. Sabino, BS ’68, MS ’84 has held the office of treasurer of OPA for many years. He has shared his talents and wisdom with the OPA executive committee and helped to make the organization as healthy as it is today.

Kristen Dalgleish Lamberjack, BS ’94, PharmD was chosen for the 2008 OPA Innovative Pharmacy Practice Award for her practice at the Nationwide Children’s Hospital outpatient pharmacy.

Jerry S. Marlowe, BS ’61 of Dover, Ohio has practiced as a community pharmacist, a long term care pharmacy and more recently, as a compounding pharmacist. Jerry is well known in East Central Ohio as an outstanding pharmacist and as a gourmet cook.

Joseph R. Sabino, BS ’68, MS ’84 is shown with his newly awarded OPA Keys Award which is given “for outstanding contribution to the progress of the Association.”

Jerry S. Marlowe, BS ’61 holds his Bowl of Hygea Award as he is flanked by Willi, his wife, left and Chris Kalouche, his daughter at the OPA Awards Luncheon in 2008.

Kristen Lamberjack, BS ’94, PharmD, is pictured with her OPA Innovative Pharmacy Practice Award for 2008. Congratulations Kristen!

2008 October Board Meeting

Stan Jefferson is the Director of Player Development for the OSU Buckeyes Football Team. He is responsible for the Community Outreach Program for the players. His philosophy of caring and giving results in the development of the complete student and leads them to become a productive person in the community. He is shown here between Don Bennett, BS ’70, MBA, Governing Board President and Lou Marcy, BS ’65, Alumni Affairs Director. Thank you to Coach Jefferson for speaking to us so effectively.

Alumni Governing Board representatives watch attentively as Dean Bob Brueggemeier delivers his College update at the October, 2008 board meeting. At the table in the foreground clockwise are Becky Morris, a pharmacy student, Doc Lamberjack, ’83, Jerry Marlowe, ’61, John Nees, ’51, Lou Marcy, ’65, Kathy Nameth, ’80, and Bob Hayman, ’64. At the table in the background are, left to right, Niesha Griffith, MS ’96, Linda Bendinelli, BS ’80, PharmD, ’07, and Phyllis Grauer, BS ’77. Later on in the meeting, each table will discuss their assigned question and share their ideas with the larger group.
Giving for Fixed Income: The Charitable Gift Annuity

A charitable gift annuity (CGA) is a way to support Pharmacy scholarships, faculty, innovative research and programs and to receive fixed income back.

What is a charitable gift annuity?
A charitable gift annuity (CGA) is a simple agreement in which Ohio State agrees to pay one or two persons fixed lifetime payments, in exchange for the donor’s gift of cash or appreciated stock with a value of at least $10,000.

Are the annuity payments guaranteed for life? How?
Payments are fixed and guaranteed for life when the property is irrevocably transferred to The Ohio State University Foundation and the gift annuity contract is established. Gift annuity payment obligations are the general liability of The Ohio State University Foundation.

When do payments begin?
Quarterly payments may begin immediately or at least one year into the future. The latter case is called a deferred payment charitable gift annuity.

How is the gift annuity payment rate determined?
The OSU Foundation considers the rates recommended by the American Council on Gift Annuities (“ACGA”). The payout rate is based upon the annuitant’s actuarial age; an assumed investment return; and a residual for OSU of 50% of the original gift. The older you are at the time of the gift, the greater the fixed payment OSU agrees to pay you. Because people have a longer life expectancy than one person, the payout rate is lower for two-life gift annuities.

Does my gift qualify for an income tax deduction?
Charitable gift annuity donors may qualify for an income tax charitable deduction equal to the amount the gift exceeds the fair market value of the annuity, subject to IRS rules.

How do I fund a gift annuity?
Cash and appreciated stock are the most common funding assets.

How are gift annuity payments taxed?
Taxation of gift annuity payments depends upon the assets used to fund the gift annuity. Typically, a portion of the annual payment from the annuity will be taxed as ordinary income and a portion will be a tax-free return of your investment. When you use appreciated stock to fund the annuity, a portion of your annual payment will be taxed as long-term capital gains.

In all cases, if you outlive your life expectancy, the entire payment is taxable as ordinary income to you.

I’m 50 and don’t need gift annuity payments now. Should I establish a gift annuity today?
By establishing a gift annuity now, you will add to the fixed income portion of your retirement portfolio, receive an income tax deduction while you are (most likely) within a higher tax bracket and receive a higher payout rate because payments are deferred.

When can the College of Pharmacy use my gift?
Upon the final annuitant’s death, the CGA remainder interest matures and becomes available for use by the College!

What are the current gift annuity payment rates?

Editor response:
Ben, many of us remember your articles and drawings fondly. Thank you for your letter. I hope that a lot of our alumni will drop you a line to say thank you. You have a voice again, so please keep sending us updates and we will print them! Thank you, Ben!
The 30’s…

1933 Stephen B. Raynes writes, “98½ years old, I am going for 100, July 21, 2010 if the Lord is willing.” He lives in Troy, OH.

1937 William Owen Hays, R.Ph., says he is not retired, he is just un-hired! He lives in Griggsville, IL.

1939 Mary Kohl Polumbo retired, he is just un-hired! He lives in most comfortable in her own home so they do although she mostly takes care of herself, she is She lives in Dover, FL.

1939 Marvin Segel is retired and living in Columbus, OH.

1940 William R. Brown is retired and living in Zanesville, OH.

1942 Peggy E. Hanna works in the Department of Records Releasing at Skinner Clinic. She lives in San Antonio, TX.

Charles E. McGhee is retired and living in San Diego, CA.

1944 Audrey Bowser Bazler is retired and living in Cincinnati, OH.

Carl F. Thornton is a Pharmacist at Wells Drug, still doing relief work 1-2 days per month. He lives at Fredericks Manor Retirement Home, not far from Wells Drug in Chula Vista, CA.

1946 Margaret Armbrust Davidson is retired and living in Daytona, OH.

Sue Danner Hopkins is retired and living in Pinehurst, NC.

1947 Jeannette T. Thouvenin retired as Director of Pharmacy at Aultman Hospital. She lives in East Sparta, OH.

1948 Lois Byrd Chesney is retired and living in Corpus Christi, TX.

Eileen Bowers Johnston is retired and living in Zanesville, OH.

Dr. Kayoshi Masuoka is retired and living in Chardon, OH.

Miles F. McFarland is retired and living in Columbus, OH.

Betsy Steinberg Nichol is retired and living in Columbus, OH.

Robert A. Wolfe retired from Hoffman La Roche in 1985. He and his wife, Freda Marie, live in Ocala, FL.

1949 Nancy Bartlett Anderies is retired and living in Grand Junction, CO.

Email: wanderie@sol.com

John Boggs has been retired since 1989. After retirement, he spent 13 winters in Naples, FL. Now, he is enjoying wintertime and sports in Columbus, Ohio, including snow shoveling, ice sliding, and cabin fever. His wife, Barbara, is wrestling with Alzheimer’s, and although she mostly takes care of herself, she is most comfortable in her own home so they do not travel much. But, life is still pretty good.

They reside in Columbus, OH.

Irene Chosy Knapp is retired and living in Cuyahoga Falls.

Rudolph Schor is retired and living in Beachwood, OH.

Jack E. Scott is Pharmacy Director Emeritus, retired from Southern Ohio Medical Center. He and his wife, Helen, live in Portsmouth, OH.

Jean Graf Windesheim works part-time at Crosby’s Drugs. She lives in Pataskala, OH.

The 40’s…

1950 Benton J. Bernstecker is retired and living in Columbus, OH.

Steward M. Case is retired from Case’s Drug Stores. He lives in Jefferson, OH.

Gordon V. Giffin is retired, and a 45 year resident of Wooster, OH. He is keeping his license and is currently registered for 3 more years.

J. David Luckhaupt is retired and living in Powell, OH.

Glen W. Read is a retired Pharmacist, living in Newark, OH.

Seymour Spatt is retired and living in Bexley, OH.

Paul Stivison retired as a self employed Pharmacy owner. He lives in Logan, OH.

1951 Dale T. Cochran is self-employed as President of Medical Arts Pharmacy. He and his wife, Christine, live in Dublin, OH.

Email: daletcochran@att.net

Harry L. Cochran, Jr. retired as Major General from the United States Air Force. He lives in Springfield, OH.

Donald D. Veri retired, but works as a relief Staff Pharmacist at Drug Store Pharmacy. He lives in Columbus, OH.

1952 Herman C. Carano is a Staff Pharmacist at Village Pharmacy. He lives in Middletown, OH.

Theresa Cybulski Kelly is retired. She and her husband, Patrick, live in Briarcliff Manor, NY.

John K. Lutsch is retired and living in Columbus, OH.

William N. Woolun is retired and living in Perry Hall, MD.

1953 Allen E. Achbach is retired and living in Kettering, OH.

Thomas S. Apter is retired. He shares, “Although this is old news, Bill Bainbridge and I had a very enjoyable partnership in the owning of our own “Independence Pharmacy”. Bill went on into management in Saw Mill Creek and I remained with the Pharmacy. After retirement in 1985, I went to North Carolina and got my reciprocal license. After a couple of moves, we have settled in Arizona”. He and his wife, Alice, live in Sun Lakes, AZ.

James E. Bledingheiser is retired and living in Gaithersburg, MD.

Lawrence I. Haberman is retired and living in Boca Raton, FL.

Donald D. Hawksworth is retired and living in Columbus, OH.

Dr. Nouri Y. Mary is Professor Emeritus at Long Island University College of Pharmacy.

He lives in Bayville, NY.

L. Edward Sailer is the owner of Edwards Drugs. He lives in Dublin, OH.

Thomas J. Shea is a Staff Pharmacist at Omnicare in Wadsworth, Ohio. He lives in Ashland, OH.

1954 Otis L. Crawford is retired. He is on the Board of Directors at WWHD, Heath District. He and his wife, Lois, live in Westport, CT.

James R. Dorsey is retired. He and his wife, Nancy, live in Columbus, OH. Email: nrdorsey@aol.com

Betty Little Farwick is retired and living in Lebanon, OH.

Ralph G. Jakwerth is retired and living in Brea, CA.

Dr. Donald J. Lamb is retired and living in Kalamazoo, MI.

Robert Schmidt is a Staff Pharmacist, doing part-time residency program at the OSU Medical Center pharmacies, at Wellmont (Holston Valley) outpatient. He says he has bad knees, and had to give up bee-keeping. He and his wife, Julie, live in Kingsport, TN.

Email: rxschmidt@netscape.com

1955 Edward M. Dolin is the Pharmacist and Owner of Monroe Rx. He lives in Sylvania, OH.

Phillip J. McAtter is retired. He and his wife, Carol, live in Fishers, IN.

Thomas J. McKula is retired and living in Jacksonville, IL.

Robert P. Raschke is a part-time Staff Pharmacist at Rite Aid. He lives in Sandusky, OH.

Frederick J. Theiss shares this information. “Fred Theiss and his wife, Beth (HEC ’57), are retired and living in Winter Haven, FL. Fred retired after 42 years in retail, and 54 years in hospital pharmacy. We enjoy a few summer months at Crestline Walton Lake in Ohio; however, try to get back to our Winter Haven home after seeing a few Buckeye football games. We thoroughly enjoy the Alumni Updates, and would like to hear from any of our pharmacy friends at BTheiss@aol.com.”

1956 Clarence Archer is retired and living in Rogers, AR.

Richard E. Clapp is retired and living in Sun City Center, FL.

John J. Coughlin is retired and living in Hilliard, OH.

James F. Hall is retired and living in Cornville, AZ.

James W. Staker is retired. His family is celebrating the birth of their new great-granddaughter, born October 17, 2008. He lives in Portsmouth, OH.

Alan K. Webster is retired from the Medicine Shoppe. He lives in Urbana, OH.

1957 Robert Fagin is retired and living in Mansfield, OH.

Rita Cavaleri La Moreaux is a part-time staff pharmacist at Southwest General Hospital in Middleburg Heights, OH. She lives in Cleveland, OH.

In Memoriam

Christy Lynn Grice was a pharmacist at King's Daughters Medical Center in Ashland, KY. She lived in Wheelersburg, Ohio with her daughter, Stephanie Lynn Davis. Christy had worked for Staker's Service Drugs for 6 years before starting at King’s Daughters.

Christy was a joy to everyone that she knew at The Ohio State University College of Pharmacy. Her ready smile and open, friendly manner endeared her to the faculty and her fellow students. She was going to be severely missed. Our warmest thoughts go out to her family and to Stephanie Lynn Davis, who lost her Mom on her prom night.

The family asks for memorial contributions to be made to Sierra’s Haven, 80 Easter Drive, Portsmouth, OH 45662. Condolences can be sent to the College and Lou Marcy at marcy.1@osu.edu or to 500 W. 12th Avenue, Columbus, OH 43210. (614)292-7167. Condolences will be forwarded to Christy’s family.

Remembering David Kuhn, BS 1965

David Kuhn, age 67 died Sunday, March 8, 2009. David was a member of the 1965 class of the OSU College of Pharmacy and he worked for Wendy’s in and Press Pharmacy. He was devoted to lifelong learning and became certified in a variety of specialties. As a student, he was a friend to his whole class. He was a caring and talented pharmacist. He will be missed.

If you would like to remember David with a donation, the family asks that contributions be made to Good Shepherd Lutheran Church in Columbus, Ohio.

Remembering Betty J. Richards

Betty J. Wheeler Richards and her husband George D. Richards, BS, ’43 started the Capital Wholesale Drug Company in 1950. Betty, age 86 passed away Saturday, May 30, 2009. Betty’s father, Charles Kirby Wheeler was a 1922 graduate of The Ohio State University College of Pharmacy. George & Betty Richards are known to many pharmacists in Ohio and beyond because of their warmth and character. Capital Wholesale Drug was instrumental in supporting pharmacies and pharmacists through thick and thin times for the profession. And, they graciously opened their home to many pharmacists and their families over the years.

Betty & George D. Richards’ son, George K. Richards is an OSU Graduate and one of his daughters, is completing an Ambulatory Residency for Professor Marilalice Bennett at the OSU College of Pharmacy. Jessica Richards, PharmD, represents the fourth generation of OSU Graduates in the Richards/Wheeler family.

For those who wish to remember Betty Richards, the family asks that contributions be made to the George D. & Betty Wheeler Richards endowed scholarship fund at the OSU College of Pharmacy, 500 W. 12th Avenue, Columbus, OH 43210, Attention: Shannon Weifer, Development Director.
